

RTI's Analytical Lab Services at Alexandria LaunchLabs

RTI International's headquarters and primary laboratories are in the heart of Research Triangle Park, NC, and we have additional laboratory space at the Alexandria Center for Advanced Technologies, also in the Research Triangle Park. This close partnership allows RTI to offer a comprehensive suite of capabilities that can be leveraged to solve the most challenging analytical problems. We have successfully supported and collaborated with hundreds of public- and private-sector clients, including those in the pharmaceutical and life sciences, personal care, food and beverage, environmental, and oil and gas industries. RTI offers a variety of engagement models including fee for service, time and materials, and collaborative grant writing.

RTI offers

- Comprehensive analytical chemistry services
- Bioanalytical research services
- In vivo, in vitro, and in silico toxicology analysis
- Custom synthesis of specialized chemicals
- Electron, optical, and atomic force microscopy
- Material handling and logistics facility
