

RTI International

About Us

- RTI International is an independent, nonprofit research institute dedicated to improving the human condition.
- Established in 1958, RTI provides government and private-sector clients with independent, objective, and scientifically rigorous research, development, and technical services in more than 50 countries.
- RTI researchers have expertise across a range of subject areas, including health, education and workforce development, international development, energy research, environmental sciences, social and justice policy, and food security and agriculture.
- RTI scientists have published seminal studies and are experts in the top issues of the day, including the opioid epidemic, marijuana, e-cigarettes, campus sexual assault, Zika virus, data for development, drones, and policing research.
- RTI experts hold degrees in scientific, technical, and professional disciplines across the social and laboratory sciences, engineering, and international development fields.
- RTI has close ties with some of the world's leading research universities, including Columbia, Harvard, Johns Hopkins, and the University of Michigan, and top universities in North Carolina, including North Carolina State University, Duke University, North Carolina Central University, and the University of North Carolina at Chapel Hill.
