

***All of Us* Researcher Academy Mentoring Opportunity**

Overview

RTI International is seeking mentors for the *All of Us* Researcher Academy Internship Program. Mentors with experience using the *All of Us* Researcher Workbench can provide valuable guidance to graduate and undergraduate students learning to access and analyze data from the [All of Us Research Program](#).

The *All of Us* Researcher Academy

The [All of Us Researcher Academy](#) is a comprehensive program that provides training and technical assistance for researchers conducting research with the [All of Us Researcher Workbench](#)—a cloud-based analytics platform where registered researchers can access participant data. The *All of Us* Researcher Academy is designed to promote equitable access to and use of the *All of Us* Researcher Workbench by researchers from diverse backgrounds.

Mentoring Opportunity

Mentors help interns gain hands-on research experience and provide one-on-one training. They guide interns in completing a research project and submitting an abstract to the *All of Us* student research conference or other scientific meeting.

This paid mentorship will take place from June 2024 to September 2024, with the possibility of an extension on an as-needed basis. Mentors will agree to a 4-month mentoring commitment and will meet individually with their intern for at least 1 hour a week. Interns are expected to conduct project-related work for up to 20 hours a week.

Mentors and interns will be matched based on shared research interests or with whom they have expressed a preference whenever possible. Mentoring can be conducted in person, virtually, or in a hybrid format.

Stipend: Mentors will receive a \$3,000 stipend in appreciation for their time and commitment.

Mentor Characteristics

We are looking for mentors who have the following experience and qualifications:

- A doctorate-level degree (e.g., PhD, MD, or EdD)
- One or more active projects in the *All of Us* Researcher Workbench
- A passion for training student researchers and helping them learn about conducting research with the *All of Us* dataset
- Experience mentoring undergraduate/graduate students from diverse backgrounds
- Availability to mentor for 4 months, starting in June 2024

Application Process

To apply to become a mentor, please [complete the online application](#).

Applications are due by April 1, 2024, 11:59 pm ET.
