Short-term Data Enumerators for Annual Outcome Survey

Project Summary

Kenya Crops & Dairy Market Systems (KCDMS) is part of Feed the Future program, America's initiative to combat global hunger and poverty. In this regard, USAID is partnering with RTI International on a 5-year new cooperative agreement to help increase agricultural production and reduce poverty and malnutrition in Kenya. The project will also spur competitive, resilient market systems in Kenya's horticulture and dairy sectors.

Job Summary

RTI is recruiting enumerators to be involved in the annual outcome survey for the Kenya Crops and Dairy Market Systems Activity (KCDMS). The enumerators will collect data from farmers and/or businesses sampled from Kenya Crops and Dairy Market Systems Activity (KCDMS) participants. The survey will include data collection from households and/or businesses. This activity will be executed in all the 12 Counties where KCDMS activity is being implemented that include: **Bungoma, Busia, Kakamega, Vihiga, Kisumu, Homabay, Siaya, Kisii, Migori, Makueni, Kitui and Taita Taveta**. The study will be conducted in August and September 2021 and is expected to take a maximum of One Month.
