RTI INTERNATIONAL

What Role Does Governance, Risk, and Compliance (GRC) Play Within RTI International?

The GRC team ensures that RTI is compliant with all applicable information security laws, statutes, and agency directives.

Governance	Risk Management	Compliance
Policy management	IT risk assessments	Continuous monitoring
IT control framework	Threat and vulnerability management	National Institute of Standard and Technology internal/external assessment support
Staff awareness	Business impact assessment	Vendor compliance
Consultation on acceptable use of IT resources	Nongovernment assessments (Health Insurance Portability and Accountability Act,)	Emerging technologies

The Grey Area—How Do We Work Together to Protect RTI/Client Data?

Governance, Risk, and Compliance Staff

RTI Researchers and Other RTI Staff

- ► Protect RTI data.
- ► Protect client data.
- ► Meet contractual requirements.
- ► Uphold RTI cybersecurity standards.
- ► Implement appropriate cybersecurity practices.
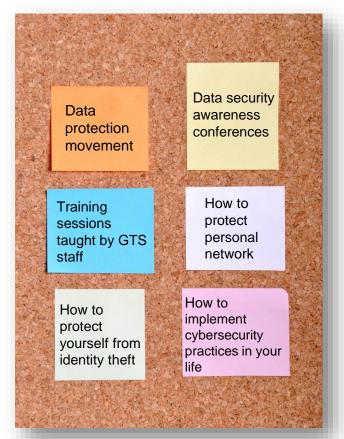

Data Protection Is Important to Everyday Life

- ► The best way to bring about data security awareness is to connect it with our everyday lives.
- ► Are you properly protecting your home network and devices?
- ► Who has access to your accounts, health information, and so forth?
- ► RTI's cybersecurity practices can and should be applied to your everyday life.

How Do We Spread Data Security Awareness?

Data Security Conferences

Virtual Training Sessions

Use Social media

Data protection movement

Data security awareness conferences

Training sessions taught by GTS staff

How to protect personal network

How to protect yourself from identity theft

How to implement cybersecurity practices in your life

Acknowledgments

o I would like to thank RTI for giving me the opportunity to participate in this summer internship.

o I would also like to thank Bernice Bond, Robin Romano, William Black, and Lori Mariano for welcoming me to the team and teaching me all they know this summer.
