

Federal Acquisition Regulation (FAR) Clauses Commercial Items

This Purchase Order/Consultant Contract/Subcontract involves funds from a Federal government contract, or funds from a subcontract relating to a Federal government contract, and relevant clauses from the Federal Acquisition Regulation (FAR) are hereby incorporated into this Purchase Order/Consultant Contract/Subcontract by reference with the same force and effect as if they were given in full text, and are applicable to this Purchase Order/Consultant Contract/Subcontract. The full text of the FAR clauses referenced below may be found at <https://www.acquisition.gov/Far/>. Vendor/Consultant/Subcontractor agrees to flow down all applicable FAR and supplementary clauses to any lower-tier subcontractors working pursuant this Purchase Order/Consultant Contract/Subcontract.

Where necessary to make the language of the FAR clauses applicable to this Purchase Order/Consultant Contract/Subcontract, the term "Contractor" shall mean "Vendor," "Consultant" or "Subcontractor" as appropriate, the term "Contract" shall mean the "Purchase Order," "Consultant Contract" or "Subcontract" as appropriate, the terms "Government," "Covered Entity," "Contracting Officer," and equivalent terms and phrases shall mean "Research Triangle Institute."

No provision contained in a FAR clause shall be taken to imply any direct access on the part of the Vendor/Consultant/Subcontractor to the Disputes process as defined in the terms of RTI's Prime Contract, but rather shall be governed by the "Disputes" provision included in this Purchase Order/Consultant Contract/Subcontract.

The following instances are exceptions to the general rules as provided above:

1. Where it is clear, by the context of the provision itself or the conditions under which it is being applied, that the reference is intended to refer to the Government, its officers or agents, or the prime contractor specifically;
2. Where an explicit provision of the Purchase Order/Consultant Contract/Subcontract states a contrary intent;
3. Where access to proprietary financial information or other proprietary data is required; or
4. Where interpretation in accordance with the rules stated above would place the prime contractor in a position of violating the equivalent or related provisions of the Prime Contract whereas construction of the terms without modification would not.
