Request for Application
ReachHealth Grants Program to improve family planning/maternal and newborn health outcomes

RFA Number: RH-RFA-2019-001
Issuance Date: 3 July 2019
Concept Paper Due Date: 15 July 2019
Pre-Application Meeting: 1-2 August 2019
Full Application Due Date: 19 Aug 2019
Approximate Starting Date: 15 Sept 2019

Purpose: REACHHEALTH (2018-2023) is the flagship family planning (FP)/maternal and newborn health (MNH) project of the USAID in the Philippines. It is encouraging innovation and expanding access to FP/MNH services through partnerships with public, private, and non-profit organizations.

Section 1: Partnership Opportunity Description

The ReachHealth Grants Program (RHGP) aims to support projects in priority sites (refer to Annex A) to: (1) increase access to and utilization of modern contraceptives; (2) reduce teen pregnancy; and (3) reduce gender-based violence (GBV).

ReachHealth plans to provide grants to non-government entities to help us address these challenges. All applications must describe an innovative intervention or study and provide proof of concept or an evidence plan to show that the proposed interventions will contribute to outcome level results.

The maximum grant award is PhP7.5 million for a period of up to 18 months. Preference will be given to entities that have demonstrated capacity to manage grants of similar size and scope. The ideal application will have a clear pathway to contribute to outcome level results and precisely outline how a funded application will move towards improved outcomes. It should also describe plans for sustainability/self-reliance and explain how implementation will continue beyond the initial grant.

We are looking for applications that focus on any of the following themes:

- Reaching GIDA and IP communities
- Developing urban and peri-urban strategies for generating new FP acceptors
- Increasing private sector provision of FP services
- Integrating FP in non-health initiatives
- Opening-up new access points for FP
- Ensuring access to FP during emergencies
- Engaging communities for quality improvement, accountability, and increased demand for services
- Improving men’s involvement and responsibility in FP and RH
- Enabling adolescents and teens to take responsible RH actions
- Promoting zero tolerance for GBV

Applications in the following areas will not be reviewed:

- Infrastructure projects (construction/renovation of clinics and similar structures)
- Procurement of commodities/equipment and vehicles
- Stand-alone trainings and/or capacity building activities
Section 2: General Award and Eligibility Information

Application is open to Philippine registered non-profit and for-profit organizations. Applicant organizations may submit more than one application, provided that each is distinct in approach. ReachHealth will not accept applications that overlap with grant awards from other funding agencies but will consider applications that allow an organization to expand its reach to areas specified in Annex A. The applicant organization cannot subgrant or subcontract part of their application.

The grants are funded by USAID and therefore grantees must adhere to USAID rules and regulations (to be discussed during the pre-application meeting).

Section 3: Application and Submission Information

Concept Paper
Prospective applicants must submit a Concept Paper (CP) for each project being proposed. Deadline for submission is COB 15 July 2019.

Each CP must include:

1. A one-page cover letter briefly explaining what you intend to do, how it is relevant to this opportunity, and why your organization is a strong candidate for this opportunity. Indicate also the applicant’s name, title, and contact information.

2. A two-page (maximum) concept note highlighting your goals, approaches, and how the proposed project will contribute to outcome level results. Indicate in the concept note your total proposed budget.

The prospective applicant should submit, together with the CP, the following documentation:

4. a one-page organizational profile.
5. The following attachments, as applicable: (a) Bureau of Internal Revenue registration, (b) Local Government Unit registration, and (c) Securities and Exchange Commission registration.

The complete set of CP documents should be sent in a single PDF file to rhgrants@rti.org.

Prospective applicants whose CP adheres to these guidelines and meets the goals and objectives indicated in Section 1 above will be invited to a pre-application meeting, and therefore should be available to attend on either 1 or 2 August 2019.

**Review Process**

Applications will be reviewed for technical and financial merit by a panel assembled by ReachHealth. All applications reviewed by the panel will receive written comments outlining the proposal’s strengths and weaknesses. It is expected that prospective successful applicants will be engaged directly for the technical proposal finalization and budget negotiation.
The panel will make recommendations to the ReachHealth Senior Management Team, which has the final responsibility for funding decisions.

Funding decisions will be guided by the following:

- Technical and financial merit, as evaluated by the review panel
- Relevance of the proposal to a balanced ReachHealth funding portfolio
- Agreement and adherence to USAID guidelines and standard provisions

For questions regarding the grant and application requirements please see “Section 5: Contact.” If a question leads to a change or significant clarification of the grant application instructions, other applicants who have submitted a letter of intent will be notified of the change or clarification.

During the review, ReachHealth may share non-confidential information provided either orally or in writing—such as in the concept paper—with third parties, including key partners and potential co-funders.

RTI International, the prime implementer of ReachHealth project, and/or USAID may provide general descriptions of awarded grants on its website, in press releases, and in other project communication materials.

Selection Criteria

- Response to Grant Purpose and Priority Themes (20 points): How well does the proposal address the purpose/s and priorities identified?
- Demonstrated success or promise of success (15 points): Is the proposed project likely to achieve outcome level results? Is there evidence in previous implementation? If none, is the potential for achieving outcome level results clearly articulated? Is there a strong evidence-based premise for the project?
- Implementation Plan (15 points): Are the implementation steps well-focused, cohesive, and consistent with the overall strategy? Are the methods and approaches appropriate to achieve the specific aims of the proposal within the budget and time available (first and subsequent years of support)? Are potential problems and alternative strategies considered?
- Evidence and learning plan (10 points): Does the proposal provide a well-designed plan for recording, reporting, validating, and refining the evidence for success? Is there sufficient emphasis on generating lessons and disseminate them to wider audiences?
- Sustainability/Self-reliance (10 points): How does the proposal intend to continue the activity/intervention beyond this grant?
- Organization Capacity and Past Performance (10 points): Does the applicant have the capacity and experience to implement the proposal? Will the organization be able to devote enough time, effort, and resources to the project to ensure its success?
- Enabling environment (5 points): Is there available and enough support for the proposed project to be successful? Are risks identified and is there adequate plan to mitigate risks?
- Budget and cost-sharing (15 points): Are the costs proposed reasonable to fulfill the objectives? Is the cost-share plan realistic and feasible?

Section 4: Award Administration

A formal notification will be provided to successful applicants via email. Any costs incurred before formal notification of award are at the risk of the awardee and are not reimbursable.

Progress Reports, Evidence, and Learning

Release of funding beyond the mobilization stage is contingent on satisfactory progress and achievement of specified milestones.
Awardees will be required to participate in periodic digital and face-to-face meetings where their progress on proposal-specific milestones is presented. ReachHealth will monitor progress and provide consultation on the project, including assessment of quarterly benchmarks as indicated in Section 3, part 2.

Awardees will be required to furnish financial information about funds on-hand and expenses monthly using a standardized financial request.

Awardees are responsible for submitting a quarterly progress and cost-share report 10 days after the end of a quarter to rhgrants@rti.org. Grant awardees will be provided with a grant code and should use the subject line “[Grant code] Grant Progress.” The quarterly progress and cost-share report will be a confidential document and should be submitted in both word and pdf formats.
