RELIT builds on previous USAID-supported efforts to improve early grade instruction for children in the Wolof, Seereer, and Pulaar languages. Working with the Government of Senegal, RELIT will expand instruction in two additional local languages—Mandinka and Soninke—in Tambacounda and Kedougou; and develop materials in a third language—Diola. RELIT will also support a comprehensive curriculum for French as a second language from kindergarten through grade 2.

RELIT technical assistance will increase the Government of Senegal’s capacity to achieve sustainable improvements in learning outcomes while implementing the same program in 7 G2G funded regions. Program objectives include:

- Strengthen education service delivery.
- Define essential aspects of education service delivery, then develop efficient tools and methods for monitoring implementation and addressing gaps.
- Support the Ministry to deliver bilingual instruction through improved teacher practice, including improved pre-service teacher preparation at regional institutions.
- Build the capacity of local publishers to produce high-quality teaching and learning materials.
- Provide technical guidance on the government’s reform agenda, planning and budgeting for scale.
